Edacom ProcureIT is a consolidated purchasing service for all your electronics, computer hardware and computer consumables with the added advantage of affording you savings of up to 40% on the retail costs of IT hardware and software.

For a minimum of R500.00 per order (or 10% of the order, which ever is higher) you can

- ▶ Buy IT equipment via a structured service and consolidated orders
- ▶ Purchasing from a single supplier
- ▶ Access to purchase IT equipment and electronics supplied at negotiated wholesale prices (saving up to 40%)
- ▶ Transparent pricing
- ▶ Monitoring of costs and service delivery
- ▶ Improved Management Information and control of IT assets

Benefits

- ▶ Reduced expenditure contributing to a lower cost-to-income ratio
- ▶ You can improve the focus on your core business by working with one supplier instead of multiple suppliers
- ▶ No need to benchmark pricing as you will have transparent pricing direct from our wholesale suppliers
- ▶ No contracts
- ▶ Access to a wider range of products at reduced pricing, including consumer household electronics

Get more out of your IT budget.
